

# THE GRENADA SENTINEL

VOLUME LXXXVI

GRENADA, MISSISSIPPI, THURSDAY, APRIL 13, 1939

NUMBER 47

## France-England Move To Police The Sea

By RALPH HEINZEN  
PARIS—France's Mediterranean fleet steamed out of the Great Toulon Naval base under secret orders today as the government made the land, air and sea forces ready for any eventuality.

No details of the sailing were available. But it was understood that the fleet was moving to a destination decided upon months ago, under a French-British plan to concentrate ships at strategic bases and or them to police the entire Mediterranean.

New measures concerning land and air preparedness were expected after a formal Council of Ministers today with President Albert Lebrun presiding.

Already, it was learned, that government had cancelled Easter leaves of all army men. Individual reservists were being called quietly to the colors. As in the instance of the fleet sailing, details were unavailable under a recent decree forbidding publication of military secrets. But an idea of the extent of the army call may be gained from the fact that without any mass orders, few families in France had been unaffected.

It was understood that the cabinet had made all preparations to put the railroads under military authority in event of an emergency.

These preparations were France's contribution to the British-French program for halting the expansionist policy of Italy and Germany.

The maginot line defenses opposite Germany had been put on war footing. Trained reservists had been stationed immediately in front of and behind the main fortifications, in "sacrificial" positions where they would hold off an initial attack with almost no hope of life.

## Bloc Wants Some Definite Assurance

WASHINGTON — The congressional economy bloc, successful in slightly whittling this year's relief funds, will try to prevent any appropriation for relief in the coming fiscal year until the Works Progress Administration is materially reorganized, it was indicated today.

The fight over the last of this year's relief funds ended last night when the senate passed and sent to President Roosevelt a bill appropriating \$100,000,000—\$50,000,000 less than he asked—to carry WPA until July 1.

The president will ask \$1,500,000,000 for the new fiscal year beginning Oct. 1.

(Continued on Page 8)

## Cotton Style Show May 5th

This is a cotton year. Found in Harper's Bazaar was this, "The Trans-Atlantic short waves, wireless cables and telephone wires have flashed Cotton-Cotton-Cotton—every day since the Paris opening. Almost overnight, great American industry has come the source of the most fashionable material in the world. This year of grace, and cotton has come into its own."

The Cotton Style Show to be presented by the Fortnightly Club will show the most attractive and newest cotton clothes to be found in Grenada.

This event will be at the Community House on Friday, May 5, from 8:30 to 10 p. m. Refreshments will be served during the show. Admission will be 25c.

Everybody is invited and all who attend are asked to come wearing cotton dresses.

## Storms Take Toll Of Three

Violent wind and electrical storms heralding a 30-degree drop in temperatures today left three dead, a score injured and extensive rural property damage in three southern states.

Heavy rains and hail also accompanied the about-face in weather conditions which brought mercury readings from the seventies down to the forties overnight in Georgia, Alabama and Mississippi. L. P. Rigdon, farmer of Oak Grove, near Hattiesburg, Miss., was killed by lightning. Robert Merritt, 35, of Fort Payne, Ala., was killed when winds blew down an old mill on Paint Rock River near his home. James C. Holman, aged invalid, died of injuries suffered when a storm levelled his farm home near Bremen, Ga.

## Beauty And Talent Pageant

The National Beauty and Talent Pageant Company, under the direction of Mr. D. R. Smith, of Birmingham, Ala., will stage a Beauty Review, talent contest and children's pageant in the new Hotel Barwin auditorium, Friday night at 8 o'clock.

Thirty of Grenada's prettiest girls will participate in the beauty parade and splendid talent will contest for first place.

The winners in both the review and contest will be given a free trip to the state contest when Miss Mississippi will be chosen, and talent winners given further recognition. The children's pageant promises to be a thing of beauty in itself. Out of state judges will choose the winners.

The Woman's Missionary Society of the Methodist Church is sponsoring this performance.

Come see who is to be named Miss Grenada and who excels in talent.

## Senior Play: For Pete's Sake

The tremendous crowd that greeted the senior play last night was given a genuine evening's entertainment from the opening of the curtain to the final conclusion. That high school boys and girls could render a play of this character without missing a word or a cue from start to finish is unusual and the effective manner in which each individual played his part, holding the audience in close attention, won frequent applause. There was not a dull moment in the play from the time that Aunt Sarah Pepperdine (Susan Proby) made her appearance to the final words of presentation of Aunt Sarah of the works of Cicero, Virgil, and others to her nephew, Peter Pepperdine (Claude Parks). The other characters in the play, all of whom starred, are as follows:

Cicero: Murglethorpe, the Dean of Elwood College. Clifford Bailey: Bill Bradshaw, Peter's pal. Paul Lockett: Thorndyke Murglethorpe (Muggsy), a college grind. Robert Horn: Mrs. George Clarkston, a social climber. Penn: Nadine Clarkston, Peter's sweetheart. Helen Horton: Anna Potts, Muggsy's goddess. Mae Clark: John Bell, a shy banker. Sam Proby: Darby, the poet. George: Frank Yeager, a Kentucky boy. Aunt Sarah: Mrs. Pepperdine. Peggy: Vandiver. Merry blossom: Bill's sweetheart, Neely.

The senior class, should be congratulated on its excellent production and the most favorable response of the audience.

## To Give Report On Bridge Tragedy

JACKSON, Miss. — Gov. Hugh White said today a "full report" on the Clear Creek highway bridge tragedy which cost 16 lives will be made public soon.

The announcement was made as the Governor prepared to leave for a tour of northeastern Mississippi. White said the trip will be "without political significance."

## HE'S BIG ENOUGH TO KNOW BETTER

## Grenada Plays Charleston Today

By PETE LAMBERT

The Grenada Hi Bulldogs will resume their two-game series with Charleston this afternoon, when they clash out at Phelan Field at 3:30. Unable to play yesterday, due to wet grounds, the game was decided to be held over and played today.

This game promises to be one of the tightest played games ever held here between two high school teams. Both teams are more evenly balanced than any team that Grenada and Charleston has witnessed in recent years.

Glancing over the statistics from my score card, I find that both teams are considerably weak on the plate. Charleston has a fair outfield and a better than fair infield, their race pitcher is good and he has fairly good reinforcements.

Now judging from what I know, and from what I've seen of Grenada—the infield, while on defense, could easily be judged as one of the best, if not the best, in the conference. Hudson, in left field, is fair. Hamby is one of the best outfielders to ever graduate from Grenada Hi. The right field spot is too weak—but can be plugged, and Murphy's catching can hold the light to any of the catchers over the entire circuit.

I have umpired behind both teams' ace pitchers, and I know what each has got. Pryor Hollingsworth, Charleston's ace, has the most experience of the two. His fast ball is a shade faster than Marasaleo's—but Marasaleo has the best and fastest curve ball. Hollingsworth has the foresight of taking his time with his delivery, while on the other hand, Marasaleo pitches entirely too fast.

But, all in all, the two teams that will take the field this afternoon couldn't be more evenly matched than they are, and I dare say, that the one of these two teams has show the best form today, will be the team to challenge Batesville's coveted championship title.

Heck Lane, Jr., and Donald Lockett went to Greenwood Monday night.

Tomorrow as usual—the best prices for good groceries.

## Child's Health Day, May Second

The fourth observance of Child's Health Day will be held in Grenada Tuesday, May second.

Following the plan of previous programs, the celebration will begin at 10:30 o'clock in the morning when Grenada's crack high school band will lead a parade in which all of the children in the primary and junior high grades, inclusive, will take part. At this time the annual tag sale will be launched, the proceeds of which will be applied to physical correction of children of the pre-school age. This tag sale will be directed by Mrs. J. M. Talbert, valued member of the P. T. A. Health Committee, whose leadership in this capacity is unexcelled.

In the high school gymnasium at two o'clock King Kirl Aven and Queen Margaret Green, reigning royals of 1938, will surrender their crowns to the king and queen of 1939 who will be selected for their high standard of daily health habits and physical perfection.

Under the capable supervision of Mrs. P. T. LaGrone, and Miss Mary Phillips, other members of the P. T. A. Health Committee, an interesting form of free entertainment for the royal court is being worked out the climax of which will be the traditional Maypole dance.

It is hoped that every citizen of Grenada county will become Child's Health conscious and will cooperate with the committee in glorifying childhood on May 2. Let's spend a dime and help a child.

P. T. A. Health Com. Chairman.

## Joe West Dies At Duck Hill

Joe West, 63, who for many years has been agent for the Illinois Central at Duck Hill, passed away suddenly last night.

Mr. West had a large number of friends who will receive the news of his passing with the deepest regret.

He was at the time of his passing a candidate for Floterial Representative in Grenada and Montgomery counties.

The Sentinel is all Home Print.

## Bill Snider Is In Race For Governor

J. B. Snider, former Grenada Countian, at present Lieutenant Governor, and publisher of the Clarksdale Register has qualified as a gubernatorial candidate.

## Find New Fluid For Transfusion

MEMPHIS, Tenn. — Use of ascitic fluid, which is found in the abdominal cavity, as a substitute for blood in transfusions has been successful in 1 experimental cases, it was revealed today by Dr. Harry A. Davis of the University of Tennessee Medical School.

The fluid is chemically the same as blood except that it lacks the cellular or corpuscular structure, Dr. Davis said.

"Lack of that quality," he explained, "made it impractical for transfusions where the corpuscles and protein contents of more blood was needed, but the fluid, nevertheless, was entirely satisfactory in treating cases of shock due to loss of blood."

Dr. Davis said that one of the biggest advantages of ascitic fluid is that it can be safely refrigerated for as long as five months and thus stored in large quantities or moved great distances. For that reason it would be extremely useful in war. Blood can be stored only about 10 days, or two weeks.

Another advantage, Dr. Davis said, is that the fluid can be obtained without cost by hospitals, since it often is drawn from the abdomens of patients suffering from certain types of heart disease and cirrhosis of the liver.

## Says Investor Forgotten Man

JACKSON, Miss. — President J. L. Bevan of the Illinois Central System today described in investor as "the forgotten man."

"Concern for investors seems almost to have gone out of fashion now-a-days," he said last night at a banquet given in his honor by other Mississippians. "The investor or appears to be the forgotten man in our national economy."

Regarding present difficulties of carriers, Bevan said that "commerce is throttled but not by railroad rates or service. The railroad problem is the problem of balancing income and outgo. There are some things we on the railroad can do to solve that problem... there are also some things which you all can do, for example, revise our laws in this country to put all carriers on an even footing."

## QUALIFIES FOR THE GOVERNOR'S RACE

J. B. SNIDER, A FORMER GRENADIAN

In making his announcement Mr. Snider said:

With the full knowledge that the position I seek is the most important gift within the power of the people of our State, I herewith announce my candidacy for the Democratic nomination for Governor.

Upon the wisdom of your selection rests the welfare of our State for at least four years, and your only guide post for faithful service, is the character of the servant whom you choose. His history alone will reflect that character.

I am a native of Grenada County, Mississippi. I have been continuously in the newspaper business all my life. My activities in public life and in an official capacity have been born of a desire to free the people of my state of the economic bondage they inherited from the Civil War and from which they still suffer most acutely.

As Mayor of Senatobia, as Secretary and afterward, Chairman of the Tate county and Secretary of the State Democratic Executive Committee, as a member of the House of Representatives and as Lieutenant Governor of Mississippi, I have endeavored to serve faithfully and to lend my every effort to bring about better conditions, in our beloved State.

I have cast my vote with yours to bring about the constructive measures from which we have benefited in recent years. We have hardly scratched the surface however. It is distressing to realize that in a section of the nation that abounds in raw materials that lend themselves easily to manufacturing we should have the lowest income for our citizens of any of the States. With the largest of native born American labor we do nothing to provide them with employment.

For years thousands of ambitious boys and girls, educated at public expense, have been compelled to leave Mississippi to secure employment and opportunity for advancement. Their activities have enriched other sections of the Nation.

If you elect me your Governor, I will do my best to provide opportunities for the young men and women of our state that they may find success in life within the borders of our state and will in turn aid in its development. This can be done.

We must learn more about the conservation and utilization of our raw resources, and securing cooperation of all governmental agencies in our state with private business, great wealth, can be created. Only by the creation of new wealth can we meet the ever-mounting cost of government, reduce taxes, and provide hospitalization for our unfortunate sick, aged and incurables.

I have lived my life in Mississippi with the exception of the time I spent in the United States army during the World War and two years I spent in the West during my early manhood. I have devoted a great part of my time to the study of the problems of our state. My official record will reveal to you that I have always sponsored the things that I now advocate. I have been fairly successful in enacting many of these ideas into law. I am now asking that you give me the greater opportunity and broader responsibility that I may prove to you that these things can be done.

I have never had the support of the professional politicians and will not have it this time. If I am elected it will be because you, the unafraid, independent patriotic men and women of Mississippi unite to free our state of the political domination, which has so far brought you nothing.

I earnestly solicit the support of the fathers and mothers who have the future welfare of their children at heart and of the young

(Continued on page 8)

# Seniors To Present Their Play Tonight

The Senior Class of Grenada High School will present their play at the High School auditorium this evening.

The title of the play is "For Pete Sake," and will be presented by a well selected group of seniors, who promise those attending, an evening full of entertainment.

## James C. Notgrass Visits Grenada

Hon. Jas. C. Notgrass, candidate for Lieutenant Governor—visited Grenada today and while in the City called on a number of business men.

Mr. Notgrass has been associated with the Mississippi Taxpayers Association.

## Relief Drama For Relief Group

SANTA ROSA, Cal. — Members of the State Relief Association entertained the State Employees' Association with a play, written and directed by Mrs. Carol Norton, and appropriately entitled "Oh, What a Relief."

## ROTARY HONORS PETE LAGRONE

The Rotary Club, at its luncheon today, consumed the main part of its program with a "farewell" to Pete LaGrone, who has been transferred to Greenville by the Mississippi Power & Light Company.

Appreciation for his ten years of service, in the club, was expressed for the club, by Supt. John Rundle of the City Schools.

Mr. McKell, who succeeds Mr. LaGrone at Grenada, was his guest at the meeting.

Miss Mary Douglas Honeycutt made an announcement about the Senior Class play.

Read The Sentinel ads.

DEAR ALBEN—Senator Alben W. Barkley of Kentucky, known to President Roosevelt as "Dear Alben," greets Peggy Townsend, queen of the annual cherry blossom festival in Potomac Park, Washington.

## Methodist Church Elects Delegates

At a recent Church Conference of the Grenada Methodist Church the following delegates and alternates were named to the Sardis-Grenada District Conference to be held at Grenshaw April 12 and 13: H. L. Honegutt, R. W. Sharp, Sam Stanley, Jr., E. E. Penn, H. D. Horn, W. L. Jackson, Mrs. Sam Stanley, Jr. and Mrs. A. W. Stokes, delegates and Mrs. R. F. Matthews, J. E. McEachin, J. H. Murray, Mrs. Sam Irby, Mrs. R. A. Clanton, alternates.

The District Conference is one of the most important conferences of the Methodist Church, mainly a layman's conference, and Grenada Methodist Church is expecting a full delegation to attend. Rev. C. T. Floyd will preside over the conference. Among the important items of business to be transacted are: Granting license to preach, recommending for admission to Annual Conference and the election of delegates to the Annual Conference, which will be held in Cleveland, Miss., about November first.

## Buster Clanton Opens Place

Buster Clanton has opened a place of business on Highway Seven, near the corporate limits—Groceries and Gasoline, including soft drink, (no beer) are being sold.

A splendid response to his announcement has been reported, and The Star is hopeful that Buster may enjoy a splendid patronage at the clean place which he is endeavoring to operate.

## Bulgaria For Highest Bidder

SOFIA, Bulgaria — Great Britain was reported today to be making a last minute attempt to align Bulgaria with the Balkan bloc opposed to the German-Italian axis.

It was reported in diplomatic circles, however, that the first overture had had little if any success, that Bulgaria awaited the highest bidder as she did in 1915 when Germany made the highest bid.

## READY FOR THE NEXT LAP

## Another Defeat For New Deal

By LYLE C. WILSON  
United Press Staff Correspondent

WASHINGTON — President Roosevelt was scheduled today to acknowledge his second defeat by the senate on 1939 New Deal nominations. A third victory for the anti-administration coalition now is merely a matter of time.

Today's sacrifice is former Rep. Thomas R. Amle, a Wisconsin Progressive, who was nominated for a place on the Interstate Commerce Commission. He has asked Mr. Roosevelt to withdraw his name and the President's request to the senate was expected to go forward at once.

The next to go probably will be Donald Wakefield Smith of the National Labor Relations Board, but quietly and by default rather than by senate vote or letter of withdrawal. Smith got a recess reappointment. Because of American Federation of Labor opposition, however, the president never has sent his nomination to the senate. Smith still serves and, legally, may continue to do so until this session of congress adjourns.

Before Amle, the senate disposed of Floyd H. Robert, of Virginia, who was named to a federal judgeship over protests of Sens. Carter Glass and Harry F. Byrd, D., Va. No question of Robert's qualifications was raised. But Glass and Byrd lined up 50 Democratic senate votes against him.

## FEVER TICK ERADICATION TO BRING BACK CIRCUS

EDINBURG, Tex. — Children of the Lower Rio Grande Valley hail eradication of the cattle fever tick because it means they may see their first circus in three years.

Only southern Hidalgo county remains under quarantine and Leonard Fressler, supervisor for the state Livestock Sanitary Commission believes this will be lifted in 1939.

Circus officials cancelled their show dates in this area in 1937 because of the fever tick infestation. The last show appeared in the valley in 1936.

## Cotton Style Show First Week In May

The first week in May is to be "Cotton Week". Cotton is of vital importance to our part of the country and a renewed interest in the uses of cotton will benefit all of us.

The Fortnightly Club, with the cooperation of the Grenada merchants, will have a Cotton Style Show and tea, on May 5.

All kinds of cotton clothes, house dresses, street dresses, play clothes, evening, dresses, aprons, uniforms and others, will be furnished by the merchants and modeled at the Style Show.

Few of us realize how attractive and chic cotton dresses can be. This season the most famous designers are favoring cotton materials. In "vogue" a cotton wedding is pictured and described. The bride's dress is white—"white as only cotton can be." This wedding dress of cotton was designed by one of the world's leading stylist and designer.

Maybe we can't have cotton originals by Vionnet, Molyneux, Schiaparelli or Paton, but we can dress in comfort and style in cotton clothes.

Come to the Cotton Style Show at the Community house, May 5 and you will be pleasantly surprised at the charm, variety and style of this season's cotton clothes.

Friday, May 5, from 3:30 till 5 admission 25c.

CLEVELAND — Not all college students are jitters. Large numbers have, in fact, gone cultural, as shown by the fact that 640 Oberlin college students came here for the Metropolitan Opera.

Boy, 3, Shaves Father  
CLEVELAND, O. — I may not be conducive to peace of mind, but James B. Pulling has taught his 3 year old son, Charles, to shave him every morning with an electric razor.

Rev. W. C. Galceran, Sr. of Hollandale, has been appointed to fill the Methodist Church pastorate at Calhoun City. This vacancy was occasioned by the death of Rev. T. W. Lewis, former pastor of Grenada Methodist Church and prominent leader in the Memphis and North Mississippi Conference.

## Italy Warns Great Britain

ROME — Italy would regard any British pledge to defend Greece as a move against the Berlin-Rome axis calling for new depositions in the Mediterranean. Italian sources said today.

As it was put in Italian quarters, Italy was just as concerned over Great Britain's intentions toward Greece as Britain was over Italian intentions toward the Greek Island of Corfu.

Authoritative quarters said that so far neither Italy nor Britain had given any "warning" to each other over Albania or Greece.

Count Galeazzo Ciano, foreign minister, was said to have assured the Earl of Perth, British ambassador, that the Italian occupation of Albania was only temporary and that menace it did not change the status of the Mediterranean.

## CRUSOE TOBACCO HUNTED

BERKELEY, Cal. — The University of California has sent a party to Robinson Crusoe Island to find the particular tobacco plant of which grow there. It is hoped that the plant can be transplanted to the United States and grown here.

# Make Plans Now For Better Seed Supply

## U. S. Department To Barter

WASHINGTON — State Department officials set out today to barter for strategic war materials in international trade. The deals will enable the United States and Great Britain to fortify themselves with reserves of supplies badly needed in war time.

Heretofore, the chief proponents of barter trade have been the totalitarian nations.

Secretary of State Cordell Hull and his aides approved a proposal by Sen. James F. Byrnes, D., S. C. to trade surplus wheat and cotton to Great Britain, Holland and Belgium for their surplus rubber, tin and other strategic war materials.

State department officials will soon initiate preliminary conversations with diplomatic representatives of those countries to arrange the proposed deals. This country would urgently need reserve supplies of rubber, tin and nickel in event of war. The European countries would need reserve supplies of cotton, which is a war material, and wheat, for food.

Because the totalitarian powers lack the commodities which the United States requires, they automatically are excluded from the proposed barter arrangement. Opponents saw the possibility of an extension of the principle into those countries where German barter deals have seriously curtailed American exports.

The plan requires no legislation, the authority coming from the reciprocal trade treaty act, but any trade would have to be sanctioned by the senate. It would require the United States and the governments with which it trades to store the commodity received for at least five years so as not to disrupt world markets by dumping large quantities.

It would require little or no cash outlay. Title to most of the 275,000,000 bushel wheat surplus already has passed to the government and 11,000,000 of the 14,500,000 bale cotton surplus are in warehouse, as security for government loans.

The prices at which the commodities were traded would be arrived at by negotiation.

Hull, Byrnes and others connected with the plan emphatically denied that it would affect the reciprocal trade treaty program. Hull said it was entirely outside the normal channels of commerce, inasmuch as it contemplated deals directly between governments, and for materials intended for reserves in national defense. The reciprocal trade treaties specifically affect individuals or corporations engaged in international trade.

Rev. and Mrs. W. C. Galceran, Sr., Rev. W. C. Galceran, Jr., of Hollandale and Rev. A. T. McIlwain, of Greenville, called by the Methodist parsonage Monday.

## STATE COLLEGE, Miss. —

"Now is the time to plan your planting seed supply for next year," says J. F. O'Kelly, agronomist and plant breeder for the Mississippi Experiment Station, in suggesting that farm profit might be materially increased by the use of improved planting seed.

Variety tests conducted by the Experiment Station in major soil areas of the state over a long period of years have invariably shown superior varieties outyielding other varieties. Nondescript seed of no particular variety, such as too commonly used, are not included in these tests, otherwise the differences would be more striking. Yet, even when standard varieties are compared, the difference in yield between the best and the poorest may easily account for the profit or loss of profit from the crop produced.

These results suggest that before a farmer can benefit from the use of improved seed, he must know which varieties are best for his conditions since a variety may perform extremely well in one section and unsatisfactory in another. Results of variety tests are published by the experiment station any may be obtained upon request.

To have planting seed available when needed ranks in importance with the selection of proper varieties. If purchased, to order months before seed supply is needed should help both buyer and seller. If the farmer plans to grow his own seed supply, he should give this part of his operations first attention. Seed of high quality and quantity can not be produced if the "seed patch" is planted late, cultivated after other crops, are taken care of, and allowed to weather-damage while other crops are being harvested.

"That farmers can profit from the use of improved planting seed is a conclusion which very few will question," continued Mr. O'Kelly. "That relatively few do profit in this way is probably equally true. For many years the Department of Agronomy of the Experiment Station has distributed annually 200 to 300 bushels of improved seed corn. If this had been properly cared for and increased, it would now be possible for every acre of corn in this state to be planted with these and other improved varieties. Seed of improved varieties of soybeans, have been distributed in considerable quantities for several years, but many thousands of bushels of soybean seed are imported from other states each spring.

"Now is the time to plan your planting seed supply for next year."

## Has A Four Legged Chicken

Ben Saunders reports a four legged chicken having been hatched out, and doing well at the Saunders farm near Grenada.

TANKERS SET WORLD MARK—New York Athletic Club's relay team that set new world mark of 3:31.3 in 400-yard free-style swim at Columbus, Ohio. Left to right: Peter Fick, Walter Spence, John Reilly, Jr., and Tom McDermott. Fick did his 100 yards in 50.9 for new mark.

## Grenada Club Plans Aid Cotton Products

The Fortnightly Club to sponsor "Cotton Week" in Grenada. A bale of cotton to be given away.

Plans for the celebration of Cotton Week in Grenada are fast developing. The week of May 1st through 6th has been set apart as Cotton Week. During this time the members of the Fortnightly Club aided by local merchants will make every effort to stimulate the use and sale of cotton merchandise.

Feature events of the week will be an all-cotton style show and tea to be given on the afternoon of Friday, May 5th 3:30 to 5 o'clock, at the Community House. Members of the Fortnightly Club will model cotton clothes furnished by the merchants of our town. A cotton quilt display will also be shown. Every one is invited to bring and exhibit their cotton quilts. The owner of the winning quilt will receive a box of hose, made and donated by Grenada Industries. Judges for this event will be chosen by the Fortnightly Club. All quilts must be brought to the Community House before 10 o'clock on the morning of the 5th.

Following the style show a cotton ball will take place at the Community House at 10 p. m. The high light of the evening will be the parade of the cotton evening dresses, at which time the most attractive dress will be chosen. The fortunate wearer will be presented with a bale of cotton donated by the Federal Compress and Warehouse of Grenada. Judges will be chosen by the members of the Fortnightly Club. The grand prize is now on display in the window of the White Way Cleaners.

The entire proceeds of these entertainments will be used to make possible the bringing of work while entertainment to the children of Grenada.

Attend both the style show and ball. It is requested that all who attend these events wear cotton clothes.

**Cotton Week**  
Time: May 1st through 6th.  
Sponsors: Fortnightly Club.  
Purpose: To finance the bringing of worthwhile entertainment to the children of Grenada.

**Features of Cotton Week**  
All-Cotton Style Show and Tea  
Cotton Quilt Display.  
Place: Community House.  
Date: Friday, May 5th.  
Time: 3:30 to 5 p. m.  
Admission 25 cents.

Prize: A box of hose made and donated by Grenada Industries, to be given to the owner of the winning quilt.

Program: Members of the Fortnightly Club will model cotton clothes furnished by the local merchants.

**Cotton Ball**  
Place: Community House.

Date: Friday, May 5th.  
Time: 10 'till 2.  
Admission \$1.50 Script-Spectators 50 cents.

Prize: A bale of cotton donated by the Federal Compress and Warehouse of Grenada is to be given to the wearer of the most attractive cotton evening dress worn at the ball. The judges are to be selected by the Fortnightly Club.

Program: Parade of the cotton dresses, judging and presenting of the grand prize.  
Good music.

## Goodman Thanks Col. W. B. Hoffa

J. A. Goodman of Grenada Industries has written a word of appreciation to Col. W. B. Hoffa as follows:

"Mr. W. B. Hoffa,  
Grenada, Mississippi,  
Dear Mr. Hoffa:

"It has just come to my attention that the new street in front of the mill is being named Hoffa Street.

"This is certainly an honor, and surely an indication of the community's appreciation of your whole-hearted and devoted service to the City of Grenada. The street will be a great addition and a fine improvement. It, no doubt, will be long after you and I are gone; however the name will remain, and I doubt this new street will gladden the feet of the hundreds of workers who probably do not realize today what extent they are indebted to you for your great interest in helping to establish our industry in the City of Grenada.

"May Hoffa Street be a path of happiness for all of us.

"Sincerely,  
"Grenada Industries Inc.  
"J. A. Goodman."

## MARRIAGE CLASS GAINS 11 PCT. IN SEMESTER

BLOOMINGTON, Ind.—Enrollment in the University of Indiana for the second semester marriage class, which was started last fall, increased 11 per cent over the inaugural group.

Dr. Alfred C. Kinsey, course chairman, said 230 are enrolled this semester compared to 200 in the first one.

The class is open to all seniors and graduate students; students must be 21, "students married or those contemplating early marriage or others who have special and immediate desire for the course." It meets twice a week for lectures and discussions.

The group is almost evenly divided between men and women.

Of the 200 who took the course last semester, 12 were married during the semester.

## Bedford Thompson Continues To Hit

Grenada continued to win ball games last Friday when they defeated the Charleston nine 5 to 4 and Bedford Thompson continued to get base hits to lead his teammates with an average of .412.

Last season Thompson couldn't hit the side of a barn with a base fiddle, but this year he started to hit in the opening game and has been hitting ever since. Out of 17 attempts at the plate he has garnered 2 home runs, one two-base hit, and 4 singles.

Marascalso is the only man on the club to have a better average than Thompson and he has been to bat only seven times. The individual batting average after five games: Marascalso, .429; Thompson, .412; Murphy, .375; Hendricks, .364; Harper, .333; Hudson, .200; Ward, .182; Grantham, .182; Hamby, .166; Smith, .125. The entire club's batting average, .254.

Following is the official figures of last Friday's game with Charleston:

By PETE LAMBERT										
Grenada	AB	R	H	PO	A	Errors	Runs	Hits	Runs	Errors
Hudson, lf	5	0	0	3	0	0	0	0	0	0
Murphy, c	4	1	2	1	0	0	0	0	0	0
Harper, p-rf	2	1	0	0	2	0	0	0	0	0
Hendricks, rf	2	1	0	0	0	0	0	0	0	0

## The First Car Dealer

Giving a vocational talk today at the Lion's Club, Joe Neely presented several interesting sidelights.

The old timer may have forgotten that in the not too distant past with the advent of the automobile, Doak Hardware Store was the gas and oil service station. "At first the supply was kept inside at Doak's, and if gas happened to be needed on Sunday, Mr. Doak or a clerk had to be looked up for the service", he said.

Then as more cars came, and this proved inconvenient, Doak installed the first outdoor pump. Mr. Neely said, but shortly later citizens who were afraid of this new-to-them—fluid, protested that the tank was a hazard, and the city had it removed. Then came filling stations, crude compared to those of today, in some more obscure places than they now occupy.

Neely began selling automobiles in 1910. His first contract involved an outlay of \$150 of the \$200 which was his cash assets at that time.

"The first cars were sold without windshield or top, both of which were regarded as extra equipment," Neely told the Lions.

By questions from members, it was brought out that Neely is the oldest Chrysler dealer in the South. He has a copy of the first sale bill for the first Chrysler sold in this section, and has acquired extensive sales area, a large plant as well as attractive showrooms, on the Square in Grenada.

## Grenada Hi Wins Tract Meet 74-62

Grenada High tract team wins their second meet of the season by defeating University High at Oxford 74-62. Lockett and Goodwin were high scorers for Grenada with 16 and 15 points; Cook and Perkins for Oxford with 15 and 3 points.

Results  
Mile Run: Tinsley, Oxford; Vance, Grenada; Lovelady, Oxford. Time—6 minutes 17 seconds.

Shot Put: Bennett, Lovelady, Oxford; Wilson, Grenada. Distance—35' 8".

50 Yard Dash: Goodwin, Cullen, Grenada; James, Oxford. Time 7.1 seconds.

440 Yard Dash: Market, Oxford; Lockett, Marascalso, Grenada. Time—58.4 seconds.

High Jump: Rose, Grenada; Bennett, Gann, Oxford. Height—5 feet.

Baseball Throw: Goodwin, Grenada; Perkins, Oxford; Gattis, Grenada. Distance—Distance—157' 7".

Broad Jump: Cook, Oxford; Lockett, Hodges, Grenada. Distance—19' 9".

100 Yard Dash: Cook, Oxford; Hodges, Woodall, Grenada. Time—0.5 seconds.	Gattis, Thomas, Grenada, Time—7 seconds.
75 Yard Dash: Goodwin, Cullen, Richardson, Grenada. Time—10.4 seconds.	Discus: Bennett, Oxford; Wilson, Grenada; Marquette, Oxford. Distance—99 feet.
High Hurdles: Lockett, Grenada; Trotter, Oxford; Woodall, Grenada. Time—19 seconds.	220 Yard Dash: Cook, Oxford; Hodges, Woodall, Grenada. Time—14.9 seconds.
880 Yard Dash: McLain, Oxford; Turnipseed, Vance, Grenada. Time—2 minutes 15 seconds.	Low Hurdles: Lockett, Woodall, Grenada; Holley, Oxford. Time—17.4 seconds.
Girl's Relay: Goodwin, Cullen,	Mile Relay: McLain, Elliott, Tinsley, Marquette, Oxford.

ILLINOIS CENTRAL

## Continued Improvement

A pledge to continue improvement is an essential part of the declaration of policy of the Illinois Central System.

It is our aim to improve the instruments of transportation. Current examples are streamline trains, air-conditioned cars, new power, stronger track. These promote comfort, convenience, safety.

It is also our aim to improve the methods of transportation—to find new ways to serve. Current examples are free pillows and low-priced meals for coach travelers, free pickup and delivery of package freight, faster and more convenient schedules, on-time arrivals, effective tracing of shipments.

To initiate or to adopt an improvement of either kind requires open-mindedness with regard to new ideas. We endeavor to keep an open mind.

As proof of that, we invite and welcome constructive criticism and suggestions.

*J. H. Beyer*  
President

CHICAGO, April, 1939

**RELIEF**

FOR A MILLION  
BREAD WINNERS:

**A MILLION JOBS  
MADE BY BEER**

From coast to coast, Beer has helped in putting men back to work... into a million new jobs in six short years. Beer also each year buys the produce of 3,000,000 acres of farm land and pays a million dollars a day in taxes.

The brewers want to preserve these economic benefits. They want also to protect the public's right to enjoy beer and their own right to make and market it.

The brewing industry cannot enforce the laws. But they are cooperating with public officials to see to it that the retailing of beer gives no offense to anyone.

We would like to send you a booklet that describes the Foundation's unusual program of self-regulation. Address: United Brewers Industrial Foundation, 19 East 40th Street, New York, N. Y.

## LEADERSHIP IN VALUE BRINGS LEADERSHIP IN SALES

Chevrolet is first in value because it's first in styling—first in construction—first in hill-climbing—and first in its price range!

Again the people of America are awarding Chevrolet first place in motor car value.

And the reason they are buying Chevrolet is that Chevrolet gives them more of all the things they want in a motor car, at lower cost.

Visit your nearest Chevrolet dealer today! See, drive and buy the nation's fastest selling motor car and the nation's biggest dollar-value!

## NOTICE TO CONTRACTORS

Sealed bids will be received by the State Highway Commission, a Jackson, Mississippi, until 10:00 o'clock A. M. Tuesday, April 25, 1939, and shortly thereafter publicly opened for construction of Grading, Drainage Structures and Bridges, on 12.051 Miles of the Grenada-Calhoun City Highway, in Grenada County, known as State Project No. 8-1147-A (1) and 8-1147-B (2).  
Contract Time: 200 Working Days.  
In the event contract unit prices indicate a total cost as planned in excess of the allotment to the Project the length of the Project will be shortened if necessary to keep the cost of the work within the funds allotted thereto.

The attention of Bidders is directed to the Special Provisions covering compliance with the Rules and Regulations governing the selection and employment of labor.

The minimum wage paid to labor employed on this contract per hour shall be: Skilled Labor 75 cents; Unskilled 25 cents; and Intermediate Grade, 40 cents.

Plans and Specifications are on file in this office. Proposals may be secured upon payment of \$5.00, which will not be refunded.

Certified check or bid bond for five per cent of bid payable to STATE OF MISSISSIPPI must accompany each proposal.

Bidders are hereby notified that any proposal accompanied by letter, qualifying in any manner the conditions under which the proposal is tendered will be considered an irregular bid, and such proposals will not be considered in making the award.

E. D. KENNA, Director.  
4-8, 12, 17, 20-24-St.

## NOTICE OF TRUSTEE'S SALE

I, Marshall Perry, substituted trustee, under the provisions of and by authority conferred upon me in a deed of trust made by P. D. Lewis and Allie Mae Lewis to Eskridge Carver on the 22nd day of January, 1938, to secure an indebtedness, which amounts to the sum of Five Hundred and Eighty-Four Dollars and thirty-Four Cents (\$584.34), and which said deed of trust is recorded in Mortgage Book 71 at page 429 in the Chancery Clerk's office of Grenada County, Mississippi, and which was transferred and assigned by the said Eskridge Carver to J. H. Bull, said assignment appearing of record on the book and page above mentioned; and by the further authority and under the provisions of that instrument executed by the said J. H. Bull appointing me substituted trustee instead of R. L. Marter, trustee, as provided in the said deed of trust, the said instrument appearing of record in the office of the said Chancery Clerk; I will on the 8th day of May, 1939, offer for sale, and will sell at public auction for cash to the highest and best bidder, at the west door of the court house at Grenada, Mississippi, during legal hour, the following described lands, to-wit:

The South Half of the Northeast Quarter, in Section 7, Township 22, Range 6 East; and the Northeast Quarter of the Southwest Quarter of Section 7, Township 22, Range 6 East; and the Southwest Quarter of the Northwest Quarter of Section 8, Township 22, Range 6 East; all of which is located in Grenada County, Mississippi.

MARSHALL PERRY, Substituted Trustee.  
4-8, 12, 17, 24-St.

## J. P. Coleman Announces Platform For District Attorney

To the People of the Fifth Circuit Court District:

I herewith respectfully submit for your consideration and approval the more important points in the Program which I shall place in operation if permitted to serve you as your next District Attorney:

**MY PERSONAL PLEDGE**  
I earnestly assure you that the uppermost desire of my life is to make you the best District Attorney this District has ever had. If clothed with that responsibility I shall discharge it, obligations with courtesy and courage, with unflinching diligence and honesty. I STAKE MY FUTURE ON THAT PLEDGE. As a man thinketh in his heart, so is he.

## THE DUTIES OF THE OFFICE

Where there is no enforcement there is no law, and in its last analysis criminal law amounts to what twelve good men say it is. The office of District Attorney, therefore, is one which requires the FULL TIME ATTENTION of one who has training enough, has energy enough, ambition enough and courage enough to OBTAIN and PRESENT facts sufficient to justify twelve men in reaching a unanimous decision in behalf of the State. Without that evidence, without the presentation of that evidence, there is waste of the peoples' money and serious challenge to the proper respect for the law. The certainty of punishment is the greatest deterrent of crime.

## PREPARATION OF THE STATES CASES

In view of the preceding considerations, I promise you that I will interview the witnesses and confer with the peace officers and thus prepare the cases before the opening of each term of the Circuit Court. The evidence WILL BE READY for presentation. The District Attorney will be as much on the job when court is not in session as when it is in session. No guilty defendant, and no defense attorney, however crafty, can successfully withstand the facts well prepared and fearlessly presented.

## APPEARANCE OF WITNESSES

No witnesses will be summoned to appear for criminal cases before the first Wednesday morning of the term. This allows the District Attorney a full two days for effective assistance to your Grand Jury. This will save two days witness fees, and at the same time will make for greater efficiency, better results.

On the other hand, all witnesses needed for the Grand Jury will be summoned for Monday morning.

## DELAYS AND CONTINUANCES

I shall vigorously oppose all delays, and continuances where a good reason is not clearly shown in support of them. They are costly, witnesses die or move away, and the processes of justice are greatly damaged.

## APPROVAL OF COURT COSTS

The District Attorney is charged by law with the duty of passing on all accounts allowed and paid by the Circuit Court. No expenditures will be approved by me except for VALUE RECEIVED.

## A SYSTEMATIC ORGANIZATION OF LAW ENFORCEMENT

## OFFICIALS

I shall lose no time in inaugurating a system whereby the Sheriffs, Justices of the Peace and Constables will speedily notify the District Attorney of violations occurring in their territory. I will furnish them with special printed forms on which to notify me when the crime occurred, who committed it, where committed, all surrounding facts known to the reporting officer, names of witnesses, etc. The value of such a system is self evident. Business is business, even if it is the people's.

## ASSISTANCE TO PEACE OFFICERS IN THE DISCHARGE OF THEIR DUTIES

I shall at all times give my closest cooperation to your Peace Officers. I particularly refer to preliminary hearings, where the presence of the District Attorney is often highly necessary, also to legal advice, which these officials constantly need in the discharge of their duties. In return I shall look for the closest cooperation of all local officials.

## LAW ENFORCEMENT SCHOOL

After the election, and before your new law enforcement officials are installed, I shall hold a school at some central location in the District for the purpose of thoroughly acquainting those officials with the principles of law essential to the effective discharge of their duties. Such important topics as search and seizure, confessions, and so forth, will be carefully explained.

## CONCLUSION

The foregoing is the result of much thought and preparation on my part, because I have lived and worked for this opportunity. I firmly believe that the people will continue their confidence in a man as long as he faithfully and successfully represents their interests. I will not allow myself to become the tool of any person or special group of persons. I will recognize only one duty, my obligation to the public as its trusted official.

In the execution of the foregoing programs I shall use every ounce of the common sense and good judgment within me. I have no desire to be a persecutor or a tyrant. I do have the ambition to give you four years of commendable public service.

I believe that you will give me the chance, if so, I shall be most grateful for your help.

Respectfully and sincerely,  
J. P. COLEMAN.

### Do You Like To Do Something For People?

The average person will be touched by the suffering and the dire need of a fellow man. Finding him hungry they will open their purse and oftentimes give till it hurts. This is beyond question a noble characteristic.

It is strange to say, however that people are prone to think carelessly, and all too frequently are willing to join the "parade" of the "successful" or apparently successful who lead them along a path where the welfare of the less fortunate are literally trampled under foot. And doing so they fill to the top the lusty coffers of greed mongers.

In connection with this picture of the weak inclinations of human beings, one can only reflect and imagine what a grand world this would be and how far poverty would sink into the abyss of oblivion, if people were more inclined to grasp the opportunity to give the fellow whose steam is almost exhausted, on the steeper grade of life, a little boost—instead of giving what momentum they may possess to the luxurious car that has already reached the zenith of any just man's ambition.

It would certainly be more farsighted to aid in keeping persons away from the door of Want, than it is to aid them after they have reached this pitiful plight.

Putting it another way: It is a question of giving aid to the proverbial under dog, an analysis of the situation showing that aid would be given by people, in general, to the adversary of the under dog, and then sympathy and succor after he is hopelessly and ruthlessly whipped, to the under dog.

Another point of view: Why not cultivate a human code which would require a proportionate "modesty" in business to that which is required socially? Surely those who thrust themselves into monopolistic places in various and sundry lines of business endeavor cannot be called "modest business men," yet their stock socially takes the upward turn, as they, due to the practice of good acting make a "modest" social appearance.

It would be interesting to hear an explanation from a psychologist of that strange human phenomenon, whereby a person would be looked upon in disgust if they went to a table, surrounded by other men, along with women and children, and snatched up every morsel of food they possibly could, packing the part they did not need into some receptacle and carrying it away, perhaps never to be needed or used; but on the other hand praise one as a "smart" business man whose greed leads him to but in on everything and everybody—without any degree of personal need prompting such action—intercepting the opportunity of others, in some cases, to have necessities, and in other cases, moderate luxuries.

It can only be presumed that all this happens because people do not think. If the average person thought and realized, when they lay down to rest at night, that earnings had been spent with one who did not need it, whereas they could have obtained as much and helped one of their fellow men off the rocks, killing the proverbial two birds with one stone, there could be no sleep.

A paradox: Frequently those who make themselves most injurious to the well being of people, and to their pursuits of happiness, put themselves in the most Christian-like places.

The latest critic of the New Deal is Elliott Roosevelt, son of the President and a resident of Texas. He may be able to make his father know how unjust it is to the people of the South. Let all hope for it anyway.

## Dishes Cooked in Advance Easy for Hostess at Party

By JUDITH WILSON

EVERY woman with a spacious apartment or a home in the country, likes to have her friends drop in for an informal "open house" and refreshments on Sunday afternoons or evenings. It's an easy way to play hostess if food that can be prepared in advance or that requires only a brief cooking in chafing dish or oven is served. A woman never has too many good recipes of this kind.

**TOMATO-EGG PIQUANT**  
Medium-sized ripe tomatoes  
Hot 1-roasted eggs  
Salt  
Pepper  
Mayonnaise  
Prepared mustard or  
Worcestershire sauce  
Mashed sardines or anchovy  
1/2 teaspoon gelatin  
1/2 tablespoon cold water

This can be prepared in the morning and chilled in the refrigerator until wanted. Scald and peel tomatoes, one for each guest expected. Cut a small piece from the stem end and scoop out some of the pulp. Sprinkle with salt and pepper. Hard cook half as many eggs as there are tomatoes and cut in halves. Remove the yolks, mash with a fork and add mayonnaise, mustard, sardines or anchovy, Worcestershire sauce or prepared mustard and mashed sardines or anchovy. Place an egg white in each tomato. Stiffen mayonnaise with the gelatin, add cold water and dissolved over hot water. Use this amount of

### SUNDAY REFRESHMENTS

Pineapple Froth  
Pretzels  
Cheese Rabbit on Toast Points  
Olives and Stuffed Olives  
Hot Chocolate Souffle with Whipped Cream

Hot Consomme in Cups  
Tomato-Egg Piquant on Crispy Lettuce  
Hot Cheese Blarney  
Pineapple-Buttermilk Sherbet  
White Fruit Cake  
Coffee

gelatin to each cup of mayonnaise. Put in a pastry tube and pipe around each egg. Next put the soft mixture into the pastry tube and refill the egg whites, making a peaked effect. Chill thoroughly and serve in crisp lettuce cups. Pass additional French dressing or Russian dressing.

**PINEAPPLE SHERBET**  
2 cups strained buttermilk  
1/2 cup sugar  
1 cup crushed pineapple  
1 egg  
1/2 teaspoon vanilla  
This is easily made and delicious. Combine the buttermilk with the sugar and pineapple. Place in a tray and freeze to a mush. Remove from a tray to a bowl and beat thoroughly. Add the white of the egg and continue beating until light and fluffy. Flavor with vanilla. Continue freezing until firm.

### REPORT OF CONDITION OF GRENADA BANK

Including Branch Banks as follows: Bank of Ackerman, Ackerman, Miss.; Bank of Belzoni, Belzoni, Miss.; Calhoun County Bank, Calhoun City, Miss.; Bank of Charleston, Charleston, Miss.; Bank of Cleveland, Cleveland, Miss.; Bank of Eupora, Eupora, Miss.; Bank of Ita Bena, Ita Bena, Miss.; Bank of Louisville, Louisville, Miss.; Bank of Moorhead, Moorhead, Miss.; Bank of Shaw, Shaw, Miss.; Bank of Shelby, Shelby, Miss.; Bank of Sumner, Sumner, Miss.; at the close of business on March 29th, 1939, made to State Comptroller, Department of Bank Supervision, State of Mississippi, in response to call made therefor as provided in Section 20 of Chapter 146, Laws of 1934 of Mississippi.

## DON'T TRY TO TREAT COUGHS WITH HOME-MADE REMEDIES

Coughs Are Danger Signs,  
Treat Them Accordingly

If you are suffering with a cough of long-standing, and do not know its cause, go to see your doctor immediately. You might have a serious ailment. Even coughs due to cold or exposure often lead to serious complications by breaking down your resistance. For the latter type cough there

is a medicine, compounded by a great scientist, fortified with both Vitamins "A" and "D," given to the world by a great laboratory and sold by leading druggists under the name of Menthom-Mulsion, at an all-time low price of 75c. Although home remedies are sometimes effective, many of them have been proven merely superstition, so why take chances when Menthom-Mulsion is sold under an iron-clad guarantee of satisfaction or your money back by good druggists everywhere—ad.

TRI-STATE COACHES

### I. C. R. R. Propose Traffic Rates

In an effort to re-establish competition for the large export grain traffic to New Orleans which in recent years has been virtually monopolized by the Federal Barge Line at reduced rates, the Illinois Central System has proposed the following rates on such traffic:

From Peoria, Ill., 11.5c per 100 pounds on minimum shipments of 224 tons;  
From Pekin, Ill., 11.5c per 100 pounds on minimum shipment of 300 tons;  
From Havana, Ill., 11c per 100 pounds on minimum shipment of 900 tons;  
From St. Louis, Mo., and E. St. Louis, Ill., 9.5c per 100 pounds on minimum shipments of 140 tons.

In each instance the rate proposed by the Illinois Central System is 1c above the existing barge rates on the same minimum shipment. However, the superiority of rail transportation is expected to place the rates on a competitive equality.

This proposal has been filed with the Illinois Freight Association and the Southern Freight Association for public hearing in accordance with the practice that is followed by the railroad in such matters.

This is the third attempt which the Illinois Central System has made to meet the rate competition of the Federal Barge Line on export grain traffic to New Orleans.

The first attempt was made March 7, 1933, by application to the Interstate Commerce Commission for authority to establish rates on grain from Peoria, Pekin and Havana to New Orleans for export that would be 125% of the existing barge rates. This is the usual differential between barge and rail rates. On January 29, 1934 or eleven months after the application was filed, the Interstate Commerce Commission refused to authorize the rates that were proposed, but gave permission for the establishment of a 16.5c rate from Havana. This, however, was of no value in meeting the competition of the then existing 9.5c barge rate.

The second attempt was made by further application to the Interstate Commerce Commission, and on October 29, 1934, or one year and eight months after filing the original application, the Interstate Commerce Commission gave permission for the establishment of a 16.5c rate from Peoria and Pekin. This also was of no value in meeting the competition of the then existing 10c barge rate.

To illustrate the competitive situation—from July 1 to December 31, 1938, the movement of grain to New Orleans for export consisted of approximately 9,450 carloads by Federal Barge Line and approximately 900 carloads by all the rail lines combined. In other words, the entire rail movement was less than 10 percent of the barge movement as a result of the extreme differential in the rates.

The importance of this traffic to the Illinois Central System is indicated by the fact that in the fourteen months, from January 1, 1938, to February 28, 1939, the Federal Barge Line transported 30,743,927 bushels of grain to New Orleans for export. At 1,500 bushels to the carload, this amounted to approximately 20,500 carloads of freight traffic. The greater part of the export grain that is handled to New Orleans by the Federal Barge Line comes from Peoria, Pekin, Havana and East St. Louis, Ill., and St. Louis, Mo., all of which points are served over direct routes by the Illinois Central System.

The transportation of grain to New Orleans for export was at one time one of the principal sources of revenue of the Illinois Central System. For some years past this business has been almost wholly lost to the Federal Barge Line due to the unequal rate situation. It is to re-establish a competitive equality of rates as between the water and rail carriers that the Illinois Central System is making the present proposal.

### Star Cafe Enlarges

The Star Cafe which has had an unusual patronage since its beginning, at the corner of Govan and Highway 51, is having an addition built which is 12 x 20 feet.

### B. J. Anderson Is Improving Building

B. J. Anderson, enterprising bulk agent for Gulf Refining Company, is improving his building which houses 7.51 Service Station and Cafe.

The plank in kitchen of the cafe is being remodeled and will be enclosed by brick.

### All Aboard For Congress Tours

"All Aboard! World's Poultry Congress, tour leaving for Akron, Canton." "All Aboard! Tour leaving for Wooster." These cries will be heard in Cleveland during the Seventh World's Poultry Congress as groups of visitors, leave the city each day to do a bit of sightseeing in Northern Ohio. For not only will the workers of the Congress itself make the trip to Cleveland memorable but the opportunities being provided to cover point of interest in Northern Ohio will make this summer's vacation a life time stand-out.

For months a committee known as the Tours Committee has been at work lining up one-day trips out of Cleveland, and the two men who have really done the job are C. M. Ferguson, Extension Poultryman at Ohio State University and C. H. Handerson, Director of the Trade Extension Program of the Cleveland Chamber of Commerce. They have been exchanging bales of correspondence with Chambers of Commerce in other cities and towns, with railroad and bus companies, factories, farms, restaurants and hotels and now the job is practically tied up in ribbons waiting the onrush of visitors this summer.

Remember the story of the farmer who lost his horse and after hours and hours of searching a little boy came back triumphantly leading the animal home to its pleased and surprised owner! When asked how he happened to find the truant, he hesitated a moment and then replied sagely, "Well, I thought where I'd go if I was a horse and I went and I did and he had." Ferguson and Handerson followed this technique in planning tours and with the wealth of Ohio's points of interest before them analyzed then to see which would most interest visitors to Cleveland. As a result, twenty complete tours have been arranged, radiating in every direction from Cleveland. Few parts of the country can boast a greater diversity of scenery and enterprise, and this variety is reflected in the scheduled trips. Some go through Lake Erie's vacationland, some through Northern Ohio's farm country, some into the great industrial districts.

The tours will start on the first Monday of the Congress, July 31st, and continue daily until the Congress is over. In imagination let's follow a family who have decided to spend the day away from Cleveland touring. They approach the Tours Bureau at the Congress which is well staffed, with an abundance of information about the various trip, available. They note that one takes them to Akron with a chance to see the Quaker Oats factory. Later the same morning they can see how tires are made. After lunch, the party is off to the Hillcrest Poultry Breeding Farm, from there to the Goodyear Zeppelin Dock. There's a schedule stop at Medina, famous for its great beer and honey interests, and at the A. I. Root Company, they can watch the bees earn their reputation for industry and efficiency.

The visitors pick up another tour which takes them to Canton, giving them a chance to see the great Hoover factory where vacuum cleaners are made, and at lunch they may be guests of the Hoover organization. That afternoon they can see the great McKinley National Memorial.

Still another trip takes them to Chatfield to see the famous hatcheries, on to Bucyrus to witness an egg auction, lunch at the Bucyrus Elks Club, an afternoon visit to a fish farm and livestock auction, a view of Celeryville and its 4,000 acres of celery and other vegetables, back to Cleveland at 5:30 p. m.

Another trip takes them through the Berkshires of Ohio to see how maple sugar is made at Chardon and to see the only municipally owned sugar bush in the world at Burton, with lunch at "The Old Homestead Inn," with hot biscuits and pure Geauga County maple syrup.

The trip through the Niles Glass Works looks interesting. The trip through Wyandotte County with its visit to Hudson's Duck Farm, the trip through the Indian Mill and the Old Mission Church looks fascinating, but the trip they finally decided on was a trip through Lorain County. They board the bus in Cleveland at 8:00 o'clock to travel by way of the beautiful Lake Shore Drive to Lorain. They ride past the National Tube Company, The Shovel Company and American Shipbuilding Company. At 9:45 o'clock, the group arrives at Elyria visits the Gates Memorial Hospital, and then leaves for

the American Lace Factory to watch some very unusual manufacturing operations. By 11:30 o'clock, they have reached Frank Sweet's Poultry Farm and then go over to the Methodist Church to roast. After lunch, the party is off to Oberlin and for half an hour, they tour this famous college campus and hear the guide explain that Oberlin is over one hundred years old with its graduates and its reputation known around the world. Then, off for Bonnie Brae Farm, the home of famous Percheron horses, including "Corlaet," which boasted thirty winnings, in being provided to cover point of interest in Northern Ohio will make this summer's vacation a life time stand-out.

For months a committee known as the Tours Committee has been at work lining up one-day trips out of Cleveland, and the two men who have really done the job are C. M. ### CANDIDATE FOR GOV.

HON. LESTER FRANKLIN

ry on where White leave, off with his program for the progress and welfare of Mississippians.

Mr. Franklin has held a number of positions. His first public job was that of a rural mail carrier. He finished Mississippi College and Cumberland Law School, was at the head of the Industrial School at Columbia, Governor White's home, for seven years; was president of the Yazoo-Mississippi Delta Levee Commission, at the time of the 1927 flood, and states with a degree of pride that the levee in that section was the only one on

either side of the river that did not break in 27.

He served for four years as Chairman of the State Tax Commission and was defeated for Governor in 1923 and 1935.

On his visit to Grenada, Mr. Franklin was accompanied by his genial campaign manager, T. D. Davis.

### Ford Says Case Is Hopeless

In a letter to W. L. Lott, who enclosed a clipping from a recent editorial in The Star, Hon. A. L. Ford, Congressman, said that he regarded any efforts hopeless to repeal the present Wage and Hour Law which has deprived local boys and girls from further opportunities to learn the knitting and hosiery trade.

Mr. Ford correctly stated that he voted against this measure and said he realized from the start that such legislation was detrimental to the South. Senator Bilco seems to have been the only member of the Mississippi members of either house who did support the measure.

Mr. Ford's letter, in full, follows: Washington, D. C. April 6, 1939

Mr. W. L. Lott, Grenada, Miss.  
Dear Mr. Lott:

I have and thank you for your letter and the enclosed clipping of April 5th.

I voted against the Wage and Hour Bill in the beginning. However it passed and frankly, there is very little chance, if any at all,

of its being repealed.

Some time ago I discussed with Mr. Andrews, the Chairman of the Wages and Hours Division and urged upon him the necessity of making other arrangements regarding learners but he has refused to do so. I realized from the start that such legislation was detrimental to the South but he over-

whelming vote of the industrial centers carried the measure over. It is a pity, a pleasure to hear from you and I appreciate your writing me.

With best wishes, I am,  
Your friend,  
A. L. Ford.

MY PULLETS START LAYING EARLY...IN TIME FOR ME TO CASH IN ON HIGH EGG PRICES!

PURINA CHICK GROWERS (COMPLETE ALL-MASH)

IT TAKES only 16 pounds of Purina Chick Growers to carry a hen from the 1st to 50th week. When it comes extra eggs—while egg prices are at their peak—you can't afford to lose your birds through the summer.

GRENADA, MISS.

## Junior High News

**Eighth Grade Has Safety Radio Program**

Thursday morning certain members of the Eighth Grade Safety Class and Miss Barrow were very busy. We found out what it was all about when Miss Barrow turned on the radio at 12:30 and we heard the following program over the air:

Mrs. Lawrence introduced the Eighth Grade Safety Class. Jay Gore, the master of ceremonies, then gave some interesting facts about safety, and then turned the "micro" over to John Mitchell, who conducted a safety quiz. A number of students took part in this program.

Because of lack of time, the remainder of the program will be broadcasted some time in the near future. We hope everyone listens in, for we know you will enjoy it.

**Junior High Peep Eye**

It's awfully funny how these girls deny everything you truly writes in this peep eye—at least, we think so.

Mary Elizabeth and Margaret were very happy when the picnic was postponed because of the regular "Easter" weather. We know Margaret's reason and we have a good idea about Mary Elizabeth's.

We guess Sybil Roane and Milton McVaine are pretty glad when Miss Boswell lets us go to the board in arithmetic. At least, they seemed to be having a good time working side by side on those problems in arithmetic.

Well, well! Do tell. Have you heard the latest? Estelle Bailey, cheering for Fred Tierce at the daily basketball game, eighth grade against the seventh. Fred seemed to be all ears, too.

Boger, and David, the Goldust Twins, have appointed themselves "state getters" for two girls in junior high. These girls resent this. They say, "lay off boys, we think we can get enough dates for ourselves without your help."

Over in Home Ec., when the girls get to sewing their dresses, one can hear all kinds of gossip. For instance, matching Josephine Barranco and Jack Harrison. As usual, yours truly had her ears open and eagerly caught this choice tid-bit of news.

Two of Junior High's prominent students are burdened with sorrow this week. We deeply sympathize with Larry Noble in the sudden loss of his beloved grandmother, and with Ruby Carroll in the illness of her mother. We wish for Mrs. Carroll a speedy recovery, so that we may again see Ruby's sunny smiles among us.

Rev. Throver Visits Junior High

Junior High was greatly honored by a visit from Rev. Throver of the Methodist Church - Friday morning. It was his first visit to Junior High and we cordially welcomed him. His talk was very interesting and to the point. He based his talk on the 23rd Psalm and the Life of David in relation to ourselves, and everyday living. He left us with the thought which is the first line of the 23rd Psalm, "The Lord is My Shepherd."

We hope Brother Throver will visit us many times during the remainder of this year and the years to come, as we enjoyed his talk very much.

**Presenting The Eighth Grade**

Name: Mary Elizabeth Horton.  
Hobby: Going to the drug store.  
Type of Boy: Those high school blondes.

**Favorite Food:** Oyster Cocktail.  
**Favorite Movie Star:** Richard Greene.

**Distinguishing Characteristics:** Disposition: Very Loving.  
Size: Thin and Tall.  
Hair: Brown and Fuzzy.  
Eyes: Dreaming and Catty.

**Favorite Girl:** S. R.

## Library News

Mr. John Borden has donated sixty books on all farm subjects and they are now available at the library.

A suggested reading list has been sent out by Miss Wood. Most of these books are in the library and are available through out the county units. Visit the library nearest you and ask for what you do not find. The lady in charge will make every effort to see that your wants are filled. She can make suggestions for further reading by other authors.

Do you enjoy reading? Do you want more and better books? It is only through the interest and demands of the country people that the library can grow and succeed. It has done marvelously well, thus far, on the limited funds allowed. The time has come for increased local support so that Grenada county can hold the lead she already has obtained along educational lines. A close cooperation of schools, libraries, and adult education will bring about a more wide-awake community.

## Bands To Play At Poultry Congress

Outstanding at the World's Poultry Congress will be the bands, orchestras and other entertainment features provided by the various state organizations. Most of these will be the product of the junior organizations, which are participating in the Congress, such as the 4-H Clubs and the Future Farmers of America.

The first musical organization to notify the Congress management of their desire to participate was the Girls Kiltie Band of Sashatoon, Saskatchewan, Canada. This band has an international reputation and is well known from coast to coast in Canada. It will come to Cleveland to participate in affairs on Canadian Day, July 31st.

Loyal Payne, secretary of the Kansas Committee, has written advising that the F. F. A. Band of Solomon, Kansas, will be in attendance. Also a 4-H Club Band will be brought as part of the Kansas delegation. Both of these organizations have the support of the Kansas Poultry Industry Committee and will make a desirable addition to the Cleveland program.

The Michigan's World's Poultry Congress Committee has also decided to bring two musical organizations and has so announced. Numerous Ohio bands have indicated their willingness to participate and a program of such music is being developed at the present time by Karl K. Kitchen, secretary of the National Entertainment Committee. Any state wishing to bring such an organization to advertise their state or locality, should communicate with Mr. Kitchen through the central office of the World's Poultry Congress, in the Public Auditorium at Cleveland.

## \$1,000 For An Egg-Meal Menu

Some lady (or man if any mere male may be so bold) in these United States will be \$1,000.00 richer when the 7th World's Poultry Congress and Exposition meets in Cleveland, Ohio, July 28th to August 7th. The opportunity arises for which the number one prize is \$1,000.00 in cash.

Entrants in this contest will submit a menu for either a noon or evening dinner meal comprised mainly of dishes containing eggs. Recipes for all dishes in the meal must accompany the menu.

Contestants will submit their entries to the State World Poultry Congress Committee of the state in which they reside, not later than June 1, 1939. The five best menus submitted in each state will be selected and forwarded to the National Consumer Program Committee of the World's Poultry Congress. The National Committee will select twenty menus, and the persons submitting these will be asked to appear in Cleveland, at the time of the World's Poultry Congress and Exposition, to prepare and publicly demonstrate their menus. The winner of the \$1,000.00 cash prize will be selected at this time by a board of nationally known food experts.

In making final selection, the judges will give special recognition to originality and skill in devising the most appetizing satisfying and healthful egg-meal menu.

**Contest Rules**

1. Contest is open to all housewives, teachers, experimentalists, students and others with exception of officers and employees, and their

families of the national or state congress organizations.

2. All entries and all menus with recipes must be submitted to the state poultry congress organization in which those entering the contest reside and not later than June 1, 1939.

3. The contest will be under the direction of the Consumer Program Committee of the Seventh World's Poultry Congress and Exposition, assisted by special consumer program committees of State World's Poultry Congress organizations.

4. Each state will hold an elimination contest prior to July 1, 1939 and each entrant from that state must enter this contest if she wishes to compete for the national prize.

5. The five best egg meal menus from each state must be sent to the Seventh World's Poultry Congress and Exposition, Room 226 Public Auditorium, Cleveland, Ohio, prior to July 15th, 1939, and this committee will select the best twenty menus and request the individuals winning this recognition to appear

## YACHTSMAN'S HOLIDAY

By Ruth Dewey Groves

George Van Buskirk, Jr., rich and bored, and his friend Conrad Phelps, become acquainted with Mary Hale and Trize Anderson, salesgirls in a department store. George presumably is engaged to Audrey Hampton, whom he does not love. Mary and Trize know the men only as George Bush and Con Palmer. They express a desire to visit the Van Buskirk yacht in the Hudson River and George determines to learn whether Mary is wholesome or a gold-digger. He convinces with Reggie de Fuster to play the role of yacht owner and dangle Mary with millions. They go aboard the yacht and Reggie finds it easy to play up to lovely Mary Hale. But George suddenly turns sulky.

**CHAPTER VII**

REGGIE DE PUYSTER was having a wonderful time. He was glad George had chosen him for such an interesting role, and just to show George would put everything he had into it.

The girl, he thought to himself, was worthy of every possible call her for a date tomorrow as he had suggested and hoped that she would agree to go out with him.

"Have to break a date first?" Reggie asked Mary as they danced aboard the Van Buskirk yacht. "Tell me, I rather that your friend Miss Anderson and—er—what's his name, Con—"

"Palmer."

"I suppose he and Miss Anderson are a twosome," Reggie ended. "Does that go for you and Mr. Bush?"

"Mr. Bush and I are just casual friends," Mary said, smiling at him.

"Good. He'd make a pretty stiff fellow to buck. Fine-looking chap."

"Nice of you to say so," Mary told him. It was a rather magnanimous gesture on his part to make this comment in view of George's apparent rudeness toward his host, she thought.

"I'll be disappointed if you say no tomorrow," he said when the music came to a halt.

He had suggested another inspection of the yacht to the quarters below and other places that Mary hadn't seen, but Con came up to them.

"George says he's got to get the car back," he told her.

"I'm ready," she answered, with pretended disappointment, though in reality she had been bored with Reggie's company, brief though it had been.

What advantage would it be to her to become interested in him, she reasoned. George Van Buskirk, with all his millions and his yacht, did not mean a thing to her, for she knew that a salesgirl would never mean a thing to him, except as a toy to play with and discard whenever he grew tired of it. Perhaps there was already waiting for him the girl who would become his wife, a girl of his own class who cared more for his economic stability than for the stability of his affection.

**NOT** so with Mary Hale. She wanted to love and be loved. If George Bush, who had made a fool of himself, could only know that she preferred his kind to the opulent host who was giving them the freedom of his palatial yacht! Couldn't he tell, couldn't he see that she was thirsting for the want of his affection?

"I say, I'm sorry to have you go," Reggie said when they seated themselves in the speedboat. "It's been swell," Mary said.

George, who was the last to enter the speedboat, said, "Fine day," to Reggie. He meant that he was pleased with the show. Reggie was not Reggie with whom he was at odds. It was Mary Hale. She had shown signs of capitulating to the lure of a young man's riches, thus revealing a weakness (The characters in this serial are fictitious)

## NOTICE OF REGISTRATION

By virtue of the laws of Mississippi, Section 5183 of the Mississippi Code, 1930, I will visit in person each precinct in Grenada county for the benefit of those who are entitled to register and have not registered.

Tie Plant, April 13th, 1939.  
Elliott, April 14th.  
Providence, April 15th.  
Gore Springs, April 17th.  
Pleasant Grove, April 18th.  
Graysport, April 19th.  
Spears, April 20th.  
Mt. Nebo, April 21st.  
Kirkman, April 22nd.  
Crosby, April 24th.  
Goslin, April 25th.  
Pearidge, April 26th.  
Holemb, April 27th.  
Osberry, April 28th.  
East and West Grenada at the office of the Circuit Clerk at the Court House, in Grenada.

H. D. HORN,  
Registrar.

**HOTEL FOR CHILDREN**  
OPENED BY 2 NURSES  
BOSTON — Massachusetts

boasts a hotel for children. Teddy Bear Lane, as it is known, is a 12-room, three-story building which was turned into a nursery by two registered nurses, Agnes E. Kedian and Mary M. Lewis. Mothers can leave their children there whenever they want a rest or to take a trip. Registration is open to all children from birth almost to school age.

Charges are \$1 a day, \$5 a weekend, \$10 a week or \$15 for two weeks.

## NOTICE FOR BIDDERS SCHOOL TRANSPORTATION

Notice is hereby given that the County School Board of Grenada County, Mississippi, will meet in the office of the county superintendent on the 24th day of April, 1939, at 9:00 o'clock a. m. for the purpose of opening and considering all bids on contracts for transportation of pupils entitled to transportation on the routes and in the vehicle, as described in specifications on file in the office of the county superintendent.

On or before the date mentioned sealed bids are asked for, both for a one-year and a two-year contract. Bidders will secure forms for bids from the county superintendent.

The right to reject any and all bids is hereby reserved.

Respectfully signed,  
O. D. SPRATLIN,  
Supt. of Education,  
Grenada County, Mississippi.  
4-6, 13, 20, Se.

## ROOSEVELT SHIP BLOTTER RETRIEVED BY NAVY MAN

WORONOCO, Mass. — A blotter used by President Roosevelt on his desk on the U. S. S. Houston during recent naval maneuvers in the Caribbean, and which bears his signature in reverse, is prized by

a local family. Harold Duga of this town, a new member of the Houston, sent it to his parents after he had picked it up while working in the quarters occupied by the president, wanting seed supply for next year.

## Edward L. Austin Passes Away

Edward L. Austin, 90, one of Grenada county's oldest and most highly respected citizens passed 1849.

away Saturday afternoon at 3:30 in Grenada Hospital.

A daughter, Mrs. J. W. Jordan, survives. Funeral services were held at All Saints Episcopal Church at 9:30 o'clock Sunday morning by the Rev. C. S. Liles, with interment in Odd Fellows cemetery.

Palbearers were: J. B. Perry, Jr., Joe Neely, H. J. Ray, Donald Sharp, John T. Keeton, and W. R. Todd.

## "Your World Is at My Fingertips"

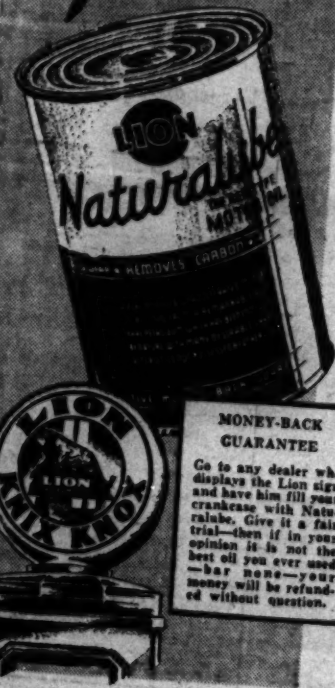

Your world of friends, relatives, business acquaintances, is likely to be scattered over many points in the United States. To your long distance operator, all of these folks are waiting in the switchboard and ready to respond in person at your summons. This is true whether your friends are in a nearby town or far away, for today you can telephone all over the world. This miracle of yesterday is a commonplace today, because of the Bell Telephone Laboratories—Continuous research in ratus and telephone lines—Unceasing study to improve the handling of calls—Careful selection and training of people—Above all, the sincere desire of telephone folks to give you the best possible service.

Today, the world is at your fingertips, too, when all you have to do is pick up your telephone and call "Long Distance."

## Three Sure Ways to CUT CAR EXPENSE

## 1. SAVE ON BILLS AND LOSSES CAUSED BY CARBON DEPOSITS

(Lion Naturalube Actually REMOVES Hard Carbon)

## 2. SAVE ON REPAIR BILLS CAUSED BY EXCESSIVE WEAR

(Lion Naturalube Has Stronger Natural Protective Film)

## 3. SAVE ON GASOLINE BILLS

(Lion Knix-Knox Gives More Miles Per Dollar)

## HOW NATURALUBE SAVES BY REMOVING CARBON AND PREVENTING EXCESSIVE WEAR

Lion Naturalube, the new-type motor oil, brings you the perfect combination for cutting car expense: (1) the ability to remove hard carbon deposits from pistons, rings, valves, and spark plugs—(2) a stronger natural protective-film. Unlike oils of other types, Naturalube does not cause power-loss and excessive gasoline consumption by forming hard carbon deposits. Because of its ability to remove hard carbon deposits, Naturalube restores power, reduces gasoline consumption and saves the cost of carbon removal jobs. Another important money-saving feature is Naturalube's stronger, natural protective-film which prevents excessive friction wear—the chief cause of expensive repairs.

## HOW KNIX-KNOX GASOLINE SAVES BY GIVING GREATER MILEAGE

Lion's high-vacuum, precision controlled refining process removes all low-mileage elements. Every drop of Knix-Knox yields mileage. Knix-Knox gives more miles yet costs no more than ordinary gasoline.

## LION DEALERS WILL HELP YOU CUT CAR EXPENSE

Friendly, courteous Lion dealers are eager to help you cut car expense. Drive to a Lion dealer . . . and start saving.

Sunday afternoon, April 16, at 2:30 the Rev. C. S. Thomas, of Grenada, will preach the Commencement sermon.

## BLOC WANTS—

(From page 1)  
Beginning then, Word of the figure, to be formally submitted by Mr. Roosevelt within a few days, was

secured by economy advocates. A total of \$2,250,000,000 was voted for relief this year.

They awaited assurances, however, that that sum would be made to last the full year.

## BILLY SNIDER

(Continued from page 1)  
men and women who prefer to remain in Mississippi if they could find opportunity here for advancement. If you will give me your active support, you need not worry about the outcome.

Yours for a more prosperous State,

J. B. SNIDER.

## YEARS IN THE MAKING...NOW YEARS AHEAD!

Come in and see this  
1939 FRIGIDAIRE WITH THE METER-MISER  
WORLD'S FIRST COLD-WALL REFRIGERATOR!

Build on An Entirely New Principle... Saves Food's Vital Juices from Drying Out!

Now for the first time—you can keep even highly perishable foods days longer than ever before... and enjoying their original freshness—their rich nutritional value—their peak fresh flavor!

## See Proof—in 5 Minutes

Here, at last, is an entirely new refrigerator that saves not just your food, but the VITAL VALUES you pay for in food! Convince yourself in 5 minutes. See the rich beauty of entirely new cabinet design. See the new MEAT-TENDER for ideal storage of fresh meats. New SUPER-MOIST HYDRATORS that prolong vital freshness of vegetables. And many other big advantages! You'll be amazed that the "Cold-Wall" Frigidaire costs no more than ordinary "first-line" refrigerators!

Only Frigidaire has the Meter-Miser! CUTS CURRENT COST TO THE BONE—for it's the Simplest Refrigerating Mechanism Ever Built... and when parts aren't there, they just can't use current or waste. Lines, trouble-free, completely sealed in a permanent bath of oil. Comes to you with 5-Year Protection Plan backed by General Motors.

## COME IN AND SEE HOW IT WORKS

Now, for the first time  
1. THE NEW "DEW-FRESH SEAL"—A SOLID GLASS PARTITION—DIVIDES THE CABINET INTO 2 COMPARTMENTS.  
2. THE LOWER COMPARTMENT IS REFRIGERATED DIRECTLY THROUGH THE WALLS BY CONCEALED REFRIGERATING COILS.  
3. This provides all 5 essentials for keeping foods visibly fresh longer than ever before—1. Uniform Low Temperature, 2. 85 to 100% Humidity, 3. No Moisture-Robbing Air Circulation. All without adding a single moving part! AND ONLY FRIGIDAIRE HAS IT!
